St. Francis 5-Dimensional Holistic Approach to Education

- IQ:** Academic abilities
- AQ:** The ability to cope with failure and disappointment in life
- EQ:** Personality development, relational skills
- Aesthetics:** Performing and Visual Arts i.e participating and appreciating Music, Drama and Dance
- Physical:** Physical Education, Sports and Games

Our Philosophy to Education embraces the total person and seeks to impart not just knowledge but good values to prepare students for higher education or the new work-place of the 21st Century.

Systematic English Teaching

Overseas students will usually be enrolled in the Systematic English Programme (three to six months) before being placed in the regular academic classes.

Students not only improve their command of the language, they are taught basic oral communication and writing skills and also learn words, phrases and terms relevant to other English-based subjects such as Geography and History.
